# DREAM CATCHER

## Hospitality rider 2018

In general, at festivals, dream catcher's travelling quartet party will vary between 4 and 6 people (4 musicians, 1 sound tech and/or 1 merchandiser). We'll tell you in advance, but you can ask too. 😊

As we also hate exaggerated hospitality riders, we've tried to keep it as basic as possible. I hope you'll appreciate it and won't mind if someone might ask for an unpredicted cup of tea... 😊

- a huge smile
- a hot meal for everyone (time to be agreed with the band upon arrival); some might like a glass of wine with it.
- some fruit
- enough still water
- beer
- a couple of soft drinks
- coffee
- another big smile (but only if we deserve one)

Thanx a lot for having us!
